

We are delighted to respond to growing demand by introducing day places for boys and girls in the Sixth Form from September 2022.

JOINING THE SCHOOL

- On joining the school, day pupils will be welcomed in to one of the school's existing houses. Your house is where you will eat breakfast, lunch and tea and it will also act as a place for study and socialising with friends.
- In addition to your house, day girls will also have access to a separate day house which will be located at the heart of the campus. The day house will act as a place for you to catch up with other girls, to study, change and store your belongings; there will also be common spaces where visitors will be welcome.

A TYPICAL WEEK

Morning

- The day begins at 0800 for breakfast and registration. Lessons take place from 0845 to 1040 and 1105 to 1300. In any study periods, you may choose to study in the school's library (a 14th century building housed in the oldest part of the school campus), one of the communal study areas in your house or in the girls' day house.

Lunch

- House lunch takes place at 1300. You can expect many lively and informed conversations with friends and staff.

Afternoon

- Afternoons are devoted either entirely to extra-curricular pursuits, or to a mix of lessons and extra-curricular activities. We hope that all Sixth Form pupils will take advantage of the extensive extra-curricular activities on offer, whether that is sport, community service, music, art, drama, the many clubs and societies, or a combination of several of the above!

Evenings

- We warmly encourage pupils to experience the full range of activities that Winchester College uniquely provides, especially in their first term. At its fullest, the key offer can mean 'everything but the bed' and we expect many pupils to take this option.
- At the same time, day places provide pupils with the opportunity to shape their own finish time, in partnership with their Housemaster or Housemistress.
- Day pupils will be expected to stay for tea every day from 1800-1830, and at least one day a week for homework which finishes at 2115. But, once you are settled in and subject to other school commitments, you will be able to leave after tea every day if you prefer.

Weekends

- Saturday mornings follow a normal weekday timetable until 1220; house lunch takes place at 1300 and in the afternoons most pupils will have sports, music or other extra-curricular commitments. Save on certain weekends, published at the start of each term, day pupils are welcome to go home after their Saturday afternoon commitments, returning to school at 0800 on Monday morning.

TRANSPORT

- Winchester College is conveniently located for all forms of transport. We're a short ten minute walk from the train station, and a number of bus and cycle routes go right past the school.
- As part of our sustainability commitments we're keen to minimise the use of cars where possible and will provide safe and secure storage for bikes across the campus.
- Over time we anticipate providing minibus options for day pupils on popular routes.

FEE

- We expect day pupils to play a full part in the busy and extended life of the school and the fee reflects this.
- The fee for academic year 2022 / 2023 is expected to be in the range £33,500-£34,000. This will include all meals, as well as break-time refreshments. The exact fee will be confirmed in April 2022.
- We have a substantial bursaries programme, which can cover 100% of the school fees and additional costs for eligible pupils. [Find out more.](#)

GET IN TOUCH

For more information on becoming a day pupil or to talk to a member of staff, please contact Mrs Kate Yonge, Deputy Registrar on 01962 621247 / admissions@wincoll.ac.uk.

We have a team of specialist Sixth Form Advisers who will be happy to have a 1-1 conversation with you and your family about what life is like here, and to answer any questions you might have.

You can also come and visit the school and meet our current Sixth Form pupils at our open days.

We look forward to meeting you.
